**TACC members are the chairs/presidents of the 33 Local Area Agency on Aging Advisory Councils in the Planning and Service Areas (PSA's) of California. Line 50 on California tax forms 540 and 540A (Reference: Revenue and Taxation Code, Section 18773) provides for funding for the Triple-A Council of California. This funding supports TACC activities which focus on training, leadership development, and information sharing and advocacy on new and emerging issues of concern to California Seniors.**

**Taxpayers eligible for the senior exemption on line 9 (generally, those over 64 years old) may specify on line 50 a contribution up to the amount on line 9 as a contribution to the California Seniors Special Fund. You may make the contribution whether or not you are getting a refund. (This information applies to forms 540 and 540A; for other forms, see the instructions.) The contribution is then tax-deductible for the 2007 tax year.**
